

DEBIZ (Exam DEB-110): Data Ethics for Business Professionals

COURSE DETAILS

Course Code:	CyberSAFE
Current Version:	
Delivery Type:	Instructor-Led
Duration:	1 day

COURSE CONTENT

Welcome to CyberSAFE: Exam CBS-410. Regardless of your computer experience, this class will help you

become more aware of technology-related risks and what you can do to protect yourself and your organization from them. This course will help you to:

- Understand both security and compliance needs and requirements.
- Recognize and avoid phishing and other social engineering attempts.
- Recognize and avoid viruses, ransomware, and other malware.
- Help ensure data security on computers, mobile devices, networks, the Internet, and in the cloud.

In this course, you will use discussions, case studies, and the experiences of your instructor and fellow

students to explore the hazards and pitfalls of technology and learn how to use that technology safely

and securely.

CertNexus is recognized by SHRM to offer Professional Development Credits (PDCs) for SHRM-CP® or SHRM-SCP®

recertification activities.

COURSE OBJECTIVES

In this course, you will identify many of the common risks involved in using conventional computing technology, as well as ways to use it safely, to protect yourself from those risks.

You will:

- Identify security compliance measures.
 - Address social engineering attempts.
 - Secure devices such as desktops, laptops, tablets, smartphones, and more.
 - Use the Internet securely.
-
